

In 2019, data validation monitoring responsibilities were transferred to the new Data Reporting Compliance Unit (DRCU) within the Information Technology Services Business Management Division of the Texas Education Agency (TEA). The DRCU examines data submitted through Texas Student Data System (TSDS) Public Education Information Management System (PEIMS) by local educational agencies (LEAs) from

ing (PBM) Data Validation System, against required data compliance. The DRCU works with LEAs to improve data submission systems across TEA.

em, developed in response to state and federal law, analyzes for potential data anomalies. The

[2019 Discipline Data](#)

[Validation Manual](#) outlined seven indicators. You may retrieve a copy of your LEA's PBM 2019 Discipline Data Validation (DDV) report to determine if your LEA triggered any 2019 indicators by logging into the Texas Education Agency Login ([TEAL](#)) portal to access the Accountability application. Contact the PBM Unit with questions specific to these reports, indicators, or their calculations at (512) 463-9704 or at PBM@tea.texas.gov.

Forms focus on compliance with the Texas Education Data Standards. Identified LEAs are responsible for: (a) validating and documenting that their data are correct and addressing any identified potential program implementation concerns found during the process; or (b) improving local data collection and submission procedures, if an LEA's identification occurred because of incorrect data.

ISAM is only accessible to authorized users. You must first request a TEAL account. If you have an existing TEAL account, you may then request access to ISAM. Further information and corresponding forms to request TEAL, ISAM, or Accountability access may be found here: https://tea.texas.gov/About_TEA/Other_Services/Secure_Applications/TEA_Secure_Applications_Information/. If you need assistance requesting any access or using the ISAM application, contact your PBM representative at your regional education service center.
