

Federal Title I, Part A, Sec. 1112(b)(2) of ESSA requires all LEAs to receive Title I funds from the federal government to address the needs of low-achieving students in Title I schools. Title I funds are provided to LEAs under the authority of the State Board of Education. LEAs are required to use Title I funds to supplement the state and local funds used to provide a high-quality education for all students. LEAs are also required to ensure that Title I funds are used to supplement the state and local funds used to provide a high-quality education for all students.

Under ESSA, LEAs are required to use Title I funds to supplement the state and local funds used to provide a high-quality education for all students. LEAs are also required to ensure that Title I funds are used to supplement the state and local funds used to provide a high-quality education for all students.

For the 2019–2020 school year, LEAs will be not be required to submit new equity plans.

LEAs are encouraged to submit equity plans to the State Board of Education. LEAs may also submit equity plans to the State Board of Education. LEAs may also submit equity plans to the State Board of Education.

In addition, the Texas Equity Plan for the State Board of Education (ESC) has been adopted by the State Board of Education. The Texas Equity Plan for the State Board of Education (ESC) has been adopted by the State Board of Education.

TEA will continue to monitor the effectiveness and efficiency of LEA Title I programs. We appreciate your input and feedback.
