

For the 2021-2022 school year, the Texas Education Agency (TEA) is allowing local educational agencies (LEAs) to update the students' Economically Disadvantaged indicator until the PEIMS Fall Resubmission closes on January 20, 2022. Therefore, LEAs can continue to try to obtain income eligibility verification forms (or other means of verifying eligibility, including the use of locally developed income verification surveys or other categorical sources of eligibility) for students past the PEIMS Fall snapshot date, however, the student must be determined to be eligible on or before October 29, 2021. Please remember that, although the agency is providing this extension, LEAs cannot count students as economically disadvantaged for purposes of the PEIMS Fall submission if those students were not enrolled as of the snapshot date. Also, this extension only applies to the collection of forms or other eligibility documentation associated with the Economically Disadvantaged indicator; the extension does not apply to any other PEIMS Fall data elements.
