

Summary of Changes to Chapters 1–11 of the *2021 Accountability Manual*

Changes were made to the manual since published as proposed. The adopted manual includes the following changes either to provide clarification or in response to public comment.

Chapter 1 was revised in response to public comment to state that in 2021, districts and campuses receive a *Not Rated: Declared State of Disaster* label overall and in each domain; distinct placement results through August are considered. The school types chart example were also updated to reflect 2021 data.

Chapter 2 was updated to indicate that the request to delay the inclusion of accelerated testers was not approved, and, therefore, these results are included in the component. Multiple examples of small numbers analysis calculations were updated in response to public comment.

Chapter 3
